24 th July	Leavers' Assembly. 9am School Closes for Summer Holidays
4 th Sept	School Opens for Autumn Term

Mary Poppins—Step In Time!

What a week and very well done to our amazing Year 5 and Year 6 pupils! They have done a fantastic job learning lines, singing songs, making props, lighting the set and organising props to be on and off the stage at the right time! We are so proud of all of them and we hope that they can now appreciate that wonderfully warm and fuzzy feeling you get when a community works together and pulls off an energetic and entertaining show. The pupils have endured long rehearsals in the stifling heat but it was all worth it in the end. We are so grateful for the support pupils have received from parents and other grown-ups. Thank you for providing great costumes and for helping with line learning. Huge thanks to Mrs Rodgers, Mrs Clarke and Mr White, along with other members of staff and a willing group of pupils, for creating our fabulous set. We all now have lasting happy memories of our Mary Poppins production to treasure.

Sport Update

Last week 5 Year 6 children went to the county school games finals after our hockey team won the Quiksticks competition in March! The children played lots of games and played really well, gaining valuable competitive experience during the day. They should be very proud to represent Willingham Primary School in such a prestigious event! On Thursday, 10 Year 3/4 children went to Caldecote to take part in a Kwik Cricket competition. The children did absolutely amazingly well, hitting sixes, bowling children out and making great catches. Willingham won 3 of the group games and only lost the last game by two runs! Robert also won the Spirit of the Games Award for helping another child out from a different school with their batting technique!
