

## Year 3/4 - Fossils

### Learning Objectives:

To understand and explain how fossils are made.

We are going to recap what we learnt about fossils. Spend a few minutes watching the clip using the link below.

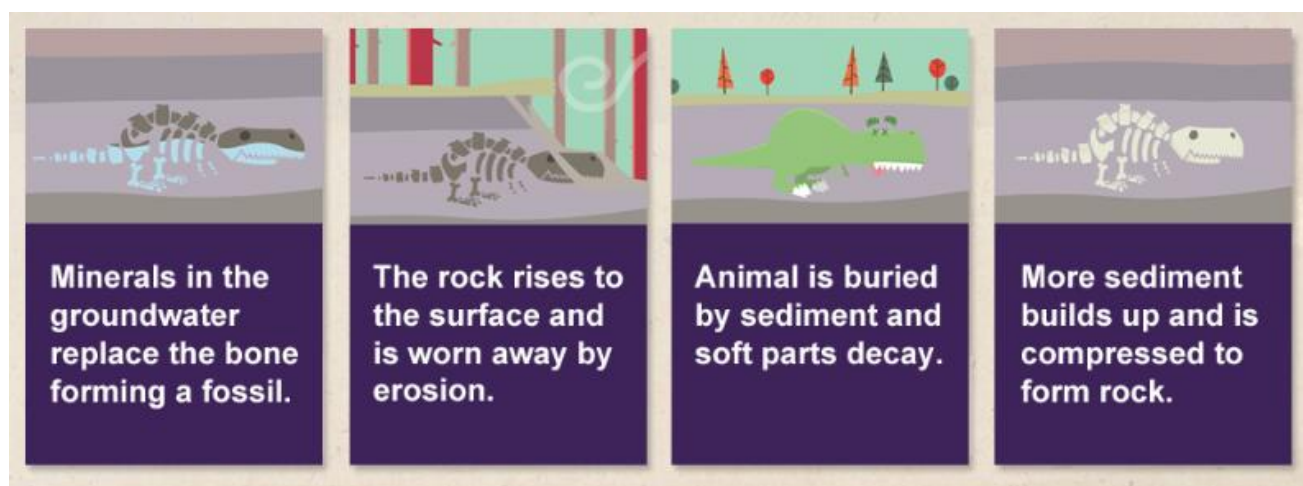

### Direct instruction

<http://www.planet-science.com/categories/under-11s/our-world/2011/10/what-makes-fossils.aspx>

### Independent practice

Once you have watched the video clip, complete the activity below:

If you have a printer, cut the statements below out and stick them into your book in the correct order. If you do not have a printer, draw the images and write the statements in order of how a fossil is formed.

You can now check your own work by following this link:

<https://www.bbc.co.uk/bitesize/topics/z9bbkqt/articles/z2ym2p3>

### Guided practice

When you are finished, see if you can remember the order in which a fossil is formed. Try to repeat this back to an adult and they can test your knowledge - No cheating close your book.
