

Week 8 Year 3 and 4

Geography Lesson 2: to use contours, keys and symbols to improve map-reading skills.

We are going to use a second BBC Bitesize lesson to carry on our work on maps. Click on the link below and it will take you to the videos and activities.

Daily lessons

Learn how to use contours, keys and symbols to improve map-reading skills.

This lesson includes:

- one video demonstrating how to use contours, keys and symbols
- one video recap on maps and map reading
- two activities to build on the knowledge

Learn

Sue Venir is celebrating her friend's birthday with a camping trip. Her friend has given her a map so she can find her way to the campsite. Watch this short film to find out how she uses contours, keys and symbols to read the map.

Watch the video,

read the information underneath,

watch the second video,

Practise

There are lots of fun ways to practise map-reading skills. Here are a few you could try.

Activity 1

Quiz
How much have you learnt about contours, keys and symbols? Have a go at this five-question multiple-choice quiz to find out.

complete activity 1.

We're going to do activity 2 using quizlet so you don't have to print anything out.

Click on this link, use the **flashcards** to learn them, then the **learn** and **match**

options to test your knowledge. https://quizlet.com/_8d2261?x=1jq&i=2ryjx6

Year 3 and 4 Geography map symbols
