

Week 14 - Y1 - Maths

Measurement - Length and Height

Monday: Video (New content)

Watch this Lesson on National Oak about comparing the lengths and heights of objects: <https://classroom.thenational.academy/lessons/to-compare-lengths-and-heights-of-objects/activities/2>

LO: to compare lengths and heights of objects

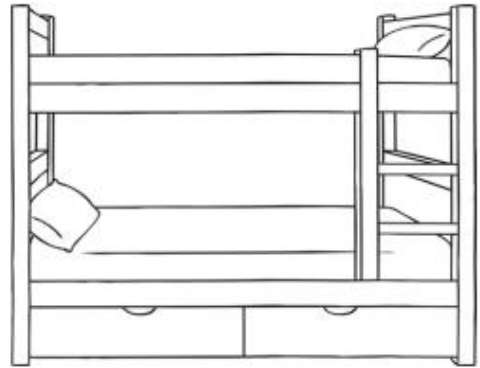

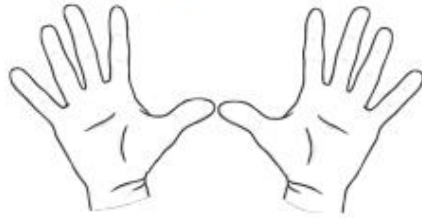

Tuesday: Measuring things at home.

Measure these objects at home and record their length/height in your books:

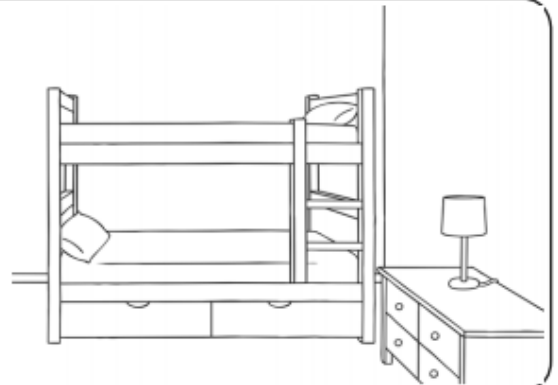

Measure your bed using your hands.

My bed is _____ hands long.

Measure your bedroom using your feet.

My bedroom is _____ feet long.

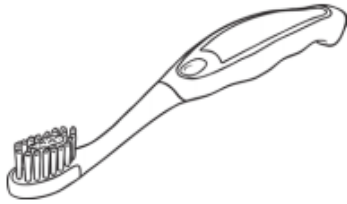

What other objects in your house can you measure using your hands and feet?

Challenge: If you have a tape measure or a ruler at home, can you use these to measure the following objects in your house?

My spoon is _____ cm

My toothbrush is _____ cm

Please hand in a photo of this work to your teacher on Teams or complete the table below.

<u>Object</u>	<u>Length/ Height</u>
bed	_____ hands long
bedroom	_____ feet long
spoon	_____ cm
toothbrush	_____ cm

Wednesday: Purple Mash - Longest and Shortest

Login to Purple Mash and go to your 2dos.

Home

2Dos

Have a go at the games:

'Find the longest' and 'Find the shortest'.

Thursday: Purple Mash - Tallest

Login to Purple Mash and go to your 2dos.

Home

2Dos

Have a go at the games:

'Find the tallest'

Friday: Numbots

Spend at least 10 minutes testing your Maths fluency skills on Numbots! <https://play.numbots.com/#/intro>

Email your teacher on Purple Mash to let them know what level you are on.
