

WEEK 14 MATHS INSTRUCTIONS YEAR 5/6

NEW CONTENT:

Identifying different types of angles, comparing angles and finding missing angles

LESSON 1 ANGLES:

LO: To find the value of missing angles

Watch the introductory video by clicking on this link:

<https://www.loom.com/share/2bb8bba8e7f745458e2ff0f4f07cdac7>

During the video you will be shown how to access the following lesson on finding missing angles. Click on the link below to complete the lesson and the associated worksheet:

<https://classroom.thenational.academy/lessons/find-the-value-of-missing-angles/activities/1>

LESSON 2 ANGLES:

To find the value of missing angles

You may want to watch the National Academy video again from Lesson 1. Then attempt the lesson 2 task. **We would like you to hand in this piece of work on Teams please.**

RETRIEVAL:

Simplifying fractions, finding equivalent fractions and comparing fractions

LESSON 3 FRACTIONS i):

LO: To use common factors to simplify fractions

Watch the lesson video by clicking on this link:

<https://www.loom.com/share/6bcc905ceb8f47b59345e76fc1327cc5>

Complete the task sheet for lesson 3 (fraction lesson 1) and check your answers using the sheet provided. **Additional useful web link to support this lesson:**

<https://www.bbc.co.uk/bitesize/articles/zkkm6v4>

LESSON 4 FRACTIONS ii):

LO: To find equivalent fractions

Watch the lesson video by clicking on this link:

<https://www.loom.com/share/456edf76806e42a28c0cb4bc9b222404>

Complete the task sheet for lesson 4 (fractions lesson 2) and check your answers using the sheet provided. **Additional useful web links to support this lesson:**

<https://www.bbc.co.uk/bitesize/articles/zv798xs>

<https://classroom.thenational.academy/lessons/finding-equivalent-fractions/activities/1>

LESSON 5 FRACTIONS iii):

LO: To compare fractions

Watch the first part of this lesson using the link below:

<https://www.loom.com/share/5ec6a362007f4a9e9e6ddcb3d7437a6d> (part 1 video)

Go to the web links shown in this video to remind yourself about comparing fractions. Next watch the 'part 2' video for this lesson using this link:

<https://www.loom.com/share/d121caa9baa043d5a12e2076a49dad3> (part 2 video)

Complete the task sheet provided for lesson 5 (fractions lesson 3) and check your answers using the sheet provided. **Additional useful web link to support this lesson:**
