

History – Roman research

A unit which we will be looking at in the future at Willingham in Year 5 and 6 is the influence that the Romans had throughout time. This week we would like you to continue to research into the Romans to find out as much information about them as possible.

We want to be looking at who the Romans were, what they did, how they lived and what legacy they left behind.

Guided Practice

Use the PowerPoint provided to go through information about Romans. Some of that information you may have found out last week, some of the information may be new to you.

If you have access to a printer, complete the activity on slide 14. Shade in the areas and countries on the map which were a part of the Roman Empire. If you would like to challenge yourself further, see if you can label as many of the countries on the map as possible.

Continue to do your research on the Roman Empire. If you are searching on websites, make sure the website are appropriate. To ensure that all the website are 'child friendly' use the following search engine:

Independent Practice

Challenge 1. (Lesson 1)

Using slide 13, watch the video on the Romans and complete the matching activity. You can either write these out or if you want to print them out to match them you can.

Challenge 2. (Lesson 2)

Complete the sentences and questions on the independent practice page, (also on the last slide of the PowerPoint).
