

## History – Roman research

A unit which we will be looking at in the future at Willingham in Year 5 and 6 is the influence that the Romans had throughout time. This week we would like you to continue to research into the Romans to find out as much information about them as possible.

We want to be looking at who the Romans were, what they did, how they lived and what legacy they left behind.

### Guided Practice

Retrieval practice:

Unscramble the follow sentences:

1. in Britain end of the Roman Empire 410AD marked the. (410AD marked the end of the Roman Empire in Britain.)
2. known for being great inventors, introducing their new ideas the Romans were to their Empire. (The Romans were known for being great inventors, introducing their new ideas to their Empire.)
3. and around the Mediterranean the Romans originated in Italy, Rome and their empire expanded across Europe (The Romans originated in Italy, Rome and their empire expanded across Europe and around the Mediterranean).

**(Answers are below)**

Continue to do your research on the Roman Empire, look specifically at the subjects in lesson one to refine your search.

If you are searching on websites, make sure the website are appropriate. To ensure that all the website are 'child friendly' use the following search engine:

<https://www.kiddle.co/>

### Independent Practice

#### **Challenge 1. (Lesson 1 & 2)**

Read through the information on the sheet regarding 'what the Romans did for us'. You may wish to complete further research in these areas to find out as much information as possible.

Once you have done that, create a PowerPoint presentation or poster with what you consider to be the top 5 examples (most important) of what the Romans left behind. You may even think of some more that are not included on this list.

Take your time on this, to complete the research and the presentation may take you a few days.

#### **Challenge 2. (Lesson 3)**

Sequence the events on the timeline to give an idea of when the Romans were around.

Answers from retrieval practice:

1. (410AD marked the end of the Roman Empire in Britain.)
2. (The Romans were known for being great inventors, introducing their new ideas to their Empire.)
3. (The Romans originated in Italy, Rome and their empire expanded across Europe and around the Mediterranean).
