

## Week 17- PE- Lesson 1

### LO: to plan your own sports day.

Usually this time of year would mean practising and getting ready for our school sports day. Well we thought it would be fun for you to plan your own sports day at home.

What events could you have?

How will you organise the day?

What order will the events take place?

- You could plan your sports day by drawing pictures in your books. Don't forget to label things to make it easy to follow.
- Describe the different events and write instructions on what you need to do.

**Support:** Here is a template that you could print or copy to help you describe your sporting events:
