

CHILD EEG STUDY!

Calling all little scientists! 

What is the study about?

How children understand and use language creatively!

Can my child participate?

Yes, if they:

- are **3 to 6 years** of age
- are **native English speakers** (speak English with at least one caregiver)
- **don't have any known developmental disorders**

What will my child do?

- Watch short videos and listen to stories
- Look at pictures while we gently measure their brain activity (EEG) and pupil responses
- Play a fun card-sorting game

Where?

English Faculty
9 West Rd, Cambridge CB3 9DP

How long?

About 90 minutes
Breaks and stickers provided!

Compensation?

A certificate of participation for your child!
A small thank-you gift card (£15)!
