Re: Ofsted Inspection Report

Dear Parents and Carers,

I'm sure that you will be aware that the school was inspected by Ofsted at the beginning of this term. We have now received the Inspection Report, a copy of which is available on our school website (www.willingham.cambs.sch.uk) and attached to the Parentmail version of this letter for you to read in full. Should you require a paper copy, please ask at the Office. I would like to apologise for the delay in this report being published; this was beyond our control, but I am pleased to be able to finally share it with you.

In summary, Ofsted has judged that our school is now a Good school. It was judged to be Good in all judgement areas: The Quality of Teaching, Learning and Assessment; Personal Development, Behaviour and Welfare; Outcomes for Pupils; Effectiveness of Leadership and Management; and Early Years.

This report is a fantastic representation of the progress that the school has made since the previous inspection; it reflects the strengths that have been clear to me since my start at the school in January and the information provided to me by Mrs Francis, the Leadership Team and the Governing body. The children should take particular pride in the report as, on many occasions, it reflects their brilliant attitude to learning and their polite behaviour.

The report is a celebration of the work that the previous Leadership Team, Teachers, Teaching Assistants, Support Staff, parents and children have put into making Willingham Primary School a really special place for children to learn. Please be assured however, that this does not mean that the school will rest on its improvement journey. My ambitions are to continue to guide the school to ensure that it continues to become even better; and to strive to create an irresistible environment for learning, where children are taught about the best that has been thought and said and can apply their knowledge to a broad range of creative and critical tasks.

With this in mind, I would like to invite you to an open meeting in the School Hall at 7pm, on Thursday 8th March, to discuss the report in more detail; as well as to update you on what the school is doing to address the development points identified in the report and to answer any further questions that you may have.

Yours sincerely,

David Morel
Headteacher
